LC EQUIPMENT ENGINEERING COMPANY PROFILE

COMPANY BACKGROUND

LC Equipment Engineering Co., Ltd is a mechanical and electrical design and servicing company carrying out independent operations in installation, maintenance and servicing of power generators since early 2014. We are a team of highly qualified and experienced technician and engineers from the private sector.

Managed by professionals with varied national and international experience, LCEE offers a complete range of design, installation and maintenance services for projects in the public, non-government, as well as the private sector. Based in Phnom Penh, LCEE is uniquely placed to provide design, installation and maintenance services and training to private and public sector organizations for various projects throughout the Indochina Region.

LCEE places great importance on developing our practice in a way, which complements the current and future needs of our clients, both established and prospective. To achieve this objective the company has a policy of maintaining close regular contacts with our clients at principal level. This close personal liaison has proved a decisive factor in our success as mechanical and electrical engineers and ensures that electrical and mechanical projects are designed using the product and technology, which is most suitable to the physical and business environment in which they are to operate. It also leads to cost effectiveness and timely completion of projects.

Our reputation is established based on our team's continuous dedication and unwavering commitment to improve our service with the aim of providing the customers with valuable products and seamless experience especially in supplying and installing of:

- Series of versatile power generators, spare parts and related products; and
- General machineries such as alternators, power protection, system controller and pumps.

With an initial capital of KHR 20 thousand million (KHR20,000,000,000), Equivalent to USD5,000,000.00

our founding shareholders started the Company's operations as a private limited company and incorporated it with the MOC on 20 June 2014.

Our Company is currently operating at our own building at No.184, Mongrithy Street, Khan Sen Sok, Phnom Penh, Cambodia.
